PetMeeter – Pet Dating Application

A mobile application designed to connect pet owners and their pets, enabling them to find suitable matches for companionship and social interaction.

Key Features:

- Pet profile creation and discovery with geolocation-based matching
- Real-time chat using WebSocket for instant communication between pet owners
- GPS-based nearby pet discovery using Geolocator
- REST API integration for seamless data management

Skills used: Flutter, Getx, REST API, Geolocator, WebSocket

Play Store: [PetMeeter App](#)

Smart Ring Health Companion – AI-Powered Lifestyle Assistant

Designed and developed a smart health monitoring system connecting a wearable smart ring to a mobile/web application to help users improve their daily lifestyle through real-time health tracking and AI-based recommendations.

Key Features:

- Seamless Bluetooth integration between smart ring and mobile app for real-time data sync
- Tracking of sleep quality, heart rate, and daily physical activity
- Personalized routine, diet, and sleep suggestions powered by ChatGPT API
- AI-generated wellness plans based on user data trends
- Interactive dashboard to visualize and track health improvements
- Notifications and alerts for abnormal health patterns or missed routines

Skills used: Dart, Flutter, Getx, Firebase, REST API, AI

NanavatiCollection – E-Commerce Web Application (Vibe Coding Project)

A fully functional e-commerce web application built for NanavatiCollection. Developed using modern web technologies with a clean, responsive UI for browsing and purchasing products online.

Live Site: [nanavaticollection.in](#)

Skills used: ReactJS, Supabase

SKILLS AND ACHIEVEMENTS

Skills	Dart, Flutter, HTML, CSS, ReactJS
Language	Gujarati (Both), English (Read/Write), Hindi (Both)
Awards & Honor	In the realm of learning, I stand at the threshold between novice and expert, embodying the spirit of growth and exploration. With each study session, I am driven by a relentless curiosity to uncover the depths of knowledge that lie before me. My journey is not defined by accolades or awards but by the steady accumulation of understanding and skill.

WORK EXPERIENCE

Company Name	Grow Developer (Flutter Developer Course) July 2024 – January 2025 Fresher
Company Name	Freshcodes Technology (Flutter Developer) April 2025 – Present Junior Flutter Developer
